5. Tournament assignments on Oahu

Hawaii FLL is very pleased with the large number of teams participating this season. To reach our mission of getting all teams to tournaments, we will work hard to give Oahu teams their preferences - first, second or third. However, teams may be placed at a tournament not of their choosing. Our goal is to have all teams experience the excitement of seeing how others, seeing how another team works the mission challenges and to share learning.

6. Nine district tournaments lead to championship

Teams need to participate in a district tournament before being invited to the FLL State Championship. Teams are permitted to participate in only one district tournament. The district tournaments are stepping stones to the championship.
